

Connie's Cannoli Cake

Thought I'd send in the Cannoli Cake recipe. I got it from a friend and she got it from her friend Connie, hence Connie's Cannoli Cake.

You'll need:

- 1 box yellow cake mix
- 1 1/2 pounds ricotta cheese
- 3 eggs
- 3/4 cup sugar
- 1 tsp. vanilla

What to do:

1. Make cake mix according to package directions.
2. Grease and flour a 9 x 13 inch baking pan and pour in cake batter.
3. In a separate bowl, combine remaining ingredients and gently scoop over cake batter, leaving a 1 inch margin on all sides.
4. Bake in a 350 degree oven for 50-60 minutes.
5. Remove and cover with tin foil. This makes it moist.
6. Let cool and sprinkle with powdered sugar. Cut in small squares.

This cake is good warm but even better cold. Keep in frig. Enjoy!
